

LeMatic

AUTOMATION FOR BAKERY

Aftermarket

**Cross
SeaLeMatic**

With you for the life of your equipment
WHEN AN UPGRADE IS THE SMARTER CHOICE

Simplified - Robust - Reliable

The Cross SeaLeMatic uses substantially less energy than any of our previous seal bars. The sealing cycle time is reduced by 70% which enhances the bulk packer speed capabilities.

- 1m Sealing Width
- Reduced Consumables
- Less Maintenance
- 70% Reduced Cycle Time
- Increased speed
- Retrofittable*
- Improved ultra-smooth narrow transfer allows for running smaller products.

**Retrofittable for LS3, LSU-131, LS132, LS133 models*
